

MT ROSKILL INTERMEDIATE SCHOOL

2020 Enrolment – Important Information

We want to ensure that your child thrives at intermediate school and feels as if Mt Roskill Intermediate is home. A lot of time is spent making sure that we have all the information we need about your child as a person and a learner. They can then be carefully placed with the teacher best-suited to their needs and abilities. In addition to the information you provide, placement information and data about students enrolled with us is requested from their contributing schools. This helps us know where we can support and extend them.
